“Life can be such a bother.” thought the Swamp Lich as it made undead the fly that was foolish enough to bother its reading. With a bit of glee the lich sent the new servant towards Ciston with instructions to seek out and bite Zo at the Adventurers Guild.

“An infectious bite; my present to you Zo, to celebrate Mordtch’s holy week.” said the lich as he lit a black candle.

Pushing all further distractions aside, the Swamp Lich returned to his study of “Forbidden Worlds: Death Holes, Eternal Voids, and Anti-Matter Planes”

GM Notes

- Due Date Change! There's going to be a post-tournament celebration in game (and a non-processing week).
- Important AG world announcement - Demongates have appeared very near each of the three main guild cities. If the demon strength for a city reaches 20 or more it is thought that demons will be able to come through the gate. Destroying demons seems the best bet for keeping the demon strength in check while methods for closing the gates are researched. Adventuring to the site "Demongate" is another option for the very brave of heart.

Valarian Fireheart - I'll be happy to defeat you again in a challenge match. All you have to do is accept my challenge for A273 and get beaten.

TRS - Good adventure last turn. We defeated all those who came against us. Good luck to you all in the future.

Vafre - I'm gonna take care of Valarian Fireheart on turn 273 and my actions shall speak louder than any of his words.
